

## *Tilney All Saints History Group*

TO: Tilney All Saints residents

We would value your response to the following. It will help us to decide whether this is a viable project for us to carry out. Our aim as always is to research the history of the village and make the findings available. From the start of the History Group, ten years ago, we were aware that TODAY IS TOMORROW'S HISTORY. Will you be a part of this?

Please tick where relevant for you & return to address below OR email us with your comments.

1. YES, I am interested, and would want to participate.
2. NO, I am not interested, and would not want to participate.
3. I would like to know more.
4. I would be interested to join the Working Party.
